Dear Jajja colonel,

My name is Robert. I am 13 years old.

Thank you for giving a water well,  
before we got this borehole I used to walk about  
2 miles to look for water and because of that I would  
be late for school every day. But now the well is in  
our yard-I go to school early and my grades will  
improve this school term.

Thank you and God bless you.

Robert

Dear Tajja Colonel,

My name is Rachael - I am 16 years old

My job was to boil water for the children because it was not safe. But now we have

a water well and it is safe to drink without having to boil it. We used to

fall sick of diarrhoea and typhoid

because of dirty water. But now we

have not fallen sick again because of the

clean water from the water well.

I now have time to play with my friends

Thank you very much Tajja  
Colonel.

Rachael.
